Re: Bullying

Dear Parents/Guardians:

In the Sherrard School District, bullying of any kind, by any person, is unacceptable. All students should be free from worries about being bullied. Students who bully others must be taught other, appropriate ways of interacting with peers and if necessary, face appropriate consequences. This communication will provide you with information concerning the School District's anti-bullying program and to encourage you to help us identify students who are being bullied.

The School Board policy on bullying begins with this goals statement:

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal.

Bullying is defined as follows:

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

At Sherrard, all school staff members are trained to respond immediately and with compassion to a student who reports bullying or school violence. After evaluating the situation to determine if an immediate referral to my office is needed, a staff member will give the student our form for reporting bullying, 7:180-AP1, E5, *Report Form for Bullying*. Administration will inform you whenever your child is involved in a bullying report.

Additionally, our staff members are consistently trying to determine if there are any known bullies or targets of bullying in our building. Please inform me if you know of any bullying *hot spots* in or around our school, or if you are aware of a known bully or target of bullying.

As required by law, our staff members are to intervene immediately to stop a bullying incident. They will immediately contact building administration and or law enforcement if the incident involves a weapon or other illegal activity.

Below are some of the signs that a young person is possibly being bullied:

- Does not want to go to school and refuses to explain the reason
- Talks about not having any friends
- Has unexplained bruises, cuts, scratches, or abrasions
- Has unexplained damage to clothing, possessions, books, etc.
- Frequently loses money or possessions
- Loses interest in school and/or has declining grades
- Becomes withdrawn and/or has stress or depression symptoms

Again these signs do not necessarily mean your child is being bullied, but if present, ask your child whether he or she is being bullied. Please feel free to contact me if you have any questions or concerns.

Sincerely,

Carl E Johnson,
Superintendent
Sherrard Schools

Policy 7:180 Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

Definitions from 105 ILCS 5/27-23.7

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the III. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

1. Using the definition of bullying as provided in this policy, the Superintendent or designee shall emphasize to the school community that: (1) the District prohibits bullying, and (2) all students should conduct themselves with a proper regard for the rights and welfare of other students. This may include a process for commending or acknowledging students for demonstrating appropriate behavior.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

4. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform parent(s)/guardian(s) of all students involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of the incident of bullying was received and taking into consideration additional relevant information received during the course of the investigation about the reported incident of bullying.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
 - c. Notifying the Building Principal or school administrator or designee of the report of the incident of bullying as soon as possible after the report is received.
 - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents and guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

6. The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
10. The Superintendent or designee shall post this policy on the District's website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
11. Pursuant to State law and policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:
 - a. The frequency of victimization;
 - b. Student, staff, and family observations of safety at a school;
 - c. Identification of areas of a school where bullying occurs;
 - d. The types of bullying utilized; and
 - e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

- 1) An updated version of the policy with the amendment/modification date included in the reference portion of the policy;
- 2) If no revisions are deemed necessary, a copy of board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
- 3) A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Superintendent or designee must post the information developed as a result of the policy re-evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.

12. The Superintendent or designee shall fully implement the Board policies, including without limitation, the following:
 - a. 2:260, *Uniform Grievance Procedure*. A student may use this policy to complain about bullying.
 - b. 2:265, *Title IX Sexual Harassment Grievance Procedure*. Any person may use this policy to complain about sexual harassment in violation of Title IX of the Education Amendments of 1972.
 - c. 6:60, *Curriculum Content*. Bullying prevention and character instruction is provided in all grades in accordance with State law.
 - d. 6:65, *Student Social and Emotional Development*. Student social and emotional development is incorporated into the District's educational program as required by State law.

 - f. 7:20, *Harassment of Students Prohibited*. This policy prohibits *any* person from harassing, intimidating, or bullying a student based on an identified actual or perceived characteristic (the list of characteristics in 7:20 is the same as the list in this policy).
 - g. 7:185, *Teen Dating Violence Prohibited*. This policy prohibits teen dating violence on school property, at school sponsored activities, and in vehicles used for school-provided transportation.
 - h. 7:190, *Student Behavior*. This policy prohibits, and provides consequences for, hazing, bullying, or other aggressive behaviors, or urging other students to engage in such conduct.
 - i. 7:310, *Restrictions on Publications; Elementary Schools*, and 7:315, *Restrictions on Publications; High Schools*. These policies prohibit students from and provide consequences for: (1) accessing and/or distributing at school any written, printed, or electronic material, including material from the Internet, that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities, and (2) creating and/or distributing written, printed, or electronic material, including photographic material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.
13. The Superintendent or designee shall fully inform staff members of the District's goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes each of the following:
- a. Communicating the District's expectation and State law requirement that teachers and other certificated or licensed employees maintain discipline.
 - b. Establishing the expectation that staff members: (1) intervene immediately to stop a bullying incident that they witness or immediately contact building security and/or law enforcement if the incident involves a weapon or other illegal activity, (2) report bullying, whether they witness it or not, to an administrator, and (3) inform the administration of locations on school grounds where additional supervision or monitoring may be needed to prevent bullying.

Administrative Procedure - Prevention, Identification, Investigation, and Response to Bullying 1

The strategic components for integrating an anti-bullying program into the District's existing policies and procedures are listed below. Each component lists specific implementation steps along with resources and accompanying exhibits. The Superintendent or designee, at the District-level, or the Building Principal or designee, at the Building-level, is responsible for the integration of these components. Use the local conditions of the community and other available resources to determine the best implementation methods. At times, support from the School Violence Prevention Team (see 4:190, *Targeted School Violence Prevention Program*) may be appropriate as bullying and threats of school violence often arise from the same behavior pattern(s), i.e., interpersonal aggression.

Preventing Bullying

1. Review 7:180-AP1, E1, *Resource Guide for Bullying Prevention*.
2. Assess the District's Conditions for Development and Learning. Below are resources that discuss and provide information about how to implement school climate measurement instruments:

School Bullying Prevention Task Force Report, *Selection of School Climate Measures*, p. 19 at: www.isbe.net/Documents/sbptf_report_030111.pdf.

Safe Supportive Learning's School Climate Measurement compendium at: <https://safesupportivelearning.ed.gov/topic-research/school-climate-measurement>.

Identifying Bullying

1. Post 7:180-AP1, E2, *Be a Hero by Reporting Bullying*, in school buildings, student handbooks, online, etc.
2. Train staff to recognize and accept reports of bullying, 7:180-AP1, E3, *Memo to Staff Regarding Bullying*.
3. Inform parents about the District's anti-bullying program, 7:180-AP1, E4, *Memo to Parents/Guardians Regarding Bullying*.
4. Inform students how to make a report, including an anonymous report, i.e., complete and submit 7:180-AP1, E5, *Report Form for Bullying*.

Investigating Reports of Bullying

1. Conduct a prompt, thorough and impartial investigation upon receiving a report.
2. Review the report, i.e., 7:180-AP1, E5, *Report Form for Bullying*.
3. Interview the listed aggressor(s), target(s) and witnesses using 7:180-AP1, E6, *Interview Form for Bullying Investigation*.

The footnotes should be removed before the material is used.

Responding to Bullying²

1. Complete 7:180-AP1, E7, *Response to Bullying*.
2. Notify the District's Non-Discrimination Coordinator if the findings indicate that the behavior was based upon the protected statuses listed in 7:20, *Harassment of Students Prohibited*.
3. Communicate and partner with the parents/guardians of the students involved. Ask parents/guardians, "How can we help you and your child?"
4. Stop the behavior(s).
5. Eliminate any hostile environment(s) and its effects (see **Preventing Bullying #2**, above).³
6. Prevent the bullying from happening again.
7. Implement appropriate interventions for the target, aggressor, and District.
8. Address any findings of repeated inaccurate accusations against an alleged-aggressor that are beginning to impede his or her education, e.g., reverse bullying.
9. Follow-up with target, aggressor and their parent(s)/guardian(s) to ensure subsequent bullying has not occurred and no new concerns have arisen.

The footnotes should be removed before the material is used.

What do I report?	<p>Any activity that targets someone to be hurt. Bullying, harassment, and threats take many forms. One thing they have in common – someone is targeted to be hurt. Examples of these hurtful behaviors include unwanted teasing, intimidation, physical violence, humiliation, spreading false rumors, social exclusion, or theft or destruction of property.</p> <p>Bullying, harassment, and threats may occur almost anywhere students go – in school buildings, on school grounds or busses, at bus stops, for example. Bullying or harassing may also occur using social networking sites or cell phones.</p>
When should I report?	As soon as possible.
Where or how do I report?	<p>Tell any school staff member. You may do this in person, by phone, or by email. You may be asked to complete 7:180-AP1, E5, <i>Report Form for Bullying</i>.</p> <p>You may make an anonymous tip.</p>
Why should I report?	Fear and abuse have no place in our school. Be a hero and report bullying. If you are being bullied, a report will help you and other students who may also be targeted for bullying.
What will happen after I report?	<p>An Administrator will:</p> <ol style="list-style-type: none"> 1. Acknowledge and review your report. 2. Treat your report with privacy and respect its sensitive nature. 3. Investigate your report. The school will not bring students who bully and those they bully into the same room to confront each other. All interviews will be private. 4. Take appropriate action that may include increased monitoring and supervision, restructuring schedules, additional resources, and disciplinary action for conduct code violations, among others. 5. Provide you with feedback, if appropriate.
