

WINOLA ELEMENTARY

FEBRUARY 2024

5 ESSENTIALS SURVEY

I would like to invite you to participate in this year's 5 Essentials Survey. This ten-minute survey provides information for the State of Illinois and our district. It is used to help drive school improvement efforts. One survey is to be completed per household, regardless of the number of students you may have in the building. If you have a student at Matherville Intermediate, Sherrard Elementary, or the Jr./ Sr. High, you will complete a separate survey for that building. The survey is available at <https://survey.5-essentials.org/Illinois/> (select parent survey, Rock Island County). Thank you in advance for your feedback.
