Driver's Education is a graduation requirement for all students who attend Sherrard HS. This requirement may be waived if a student is 16 years of age and has transferred from another school in which they obtained their license from another district and/or state.

The class fee of \$100.00 will pay the classroom and driver's component (up to six hours) upon the student complying with the following conditions:

GPA / Latin System

Grade point average (GPA) is determined by the use of quality points, which are cumulative from the end of Semester 1 of their freshman year. Quality points are calculated based on the grade points earned for each course: for 1 credit earned an A=4, B=3, C=2, D=1, and an F=0. Weighted classes will carry one additional point per passing grade.

The maximum number of credits to determine a student's GPA shall be eight (8) credits per year for a total of 32 credits.

Study halls do not earn credit; therefore, they are not used in determining GPA.

A student's GPA will be reported on the student's transcript.

Students will be recognized by the Latin System of Summa Cum Laude for a GPA of 4.3, Magna Cum Laude for GPA of 4.2 and Cum Laude for GPA of 4.0.
